

Placenta Percreta: Case Report

Dr. Maryam Husain, MD* Rabab Mustafa Mohamed Khalafalla, MD** Alaa Sayed Radhi Mohamed, MD*** Hasan Isa Almajed, MD*** Sara Ahmed Matrook Mohamed, MD**** Yusuf Jalili, Student***** Leena Ahmed Hassan, Student*****

ABSTRACT

We present two cases of a rare type of placenta accreta spectrum, placenta percreta in two patients with previous history of lower segment caesarean section. Both cases were diagnosed prenatally, using the ultrasonography methods as well as MRI. They electively had deliveries by caesarean hysterectomy.

Keywords: Placenta accreta spectrum, Placenta percreta, Caesarean hysterectomy, Hematuria
