

**Simultaneous Fracture of Both Femoral Necks Secondary to a Hypocalcemic Seizure**

Tarek El-Khalifa, Msc(ortho), FRCS(Ed)\* Hassan Ali Abdulla, MD\*\* Yahya Al-Zaman, MD, MRCP(UK)\*\*\* Ali Jaffer Al-Aradi, FRCS(Ed, Ir, Glasg)\*\*\*\*

**We report a rare case of simultaneous fracture of both femoral necks caused by hypocalcemic fit secondary to chronic renal failure. The case was successfully treated by bilateral bipolar arthroplasties.**
